

INSTRUCTIONS TO BIDDERS

A. GENERAL

1.0 Description of Works

1.1 “Up gradation/Renovation of Civil & Electrical works for existing Nursing College at Raj Kumari Amrit Kaur College of Nursing, New Delh”.

The Scope of work relates to “Up gradation / Renovation work for Civil & Electrical works, water & sewer line connections, and their maintenance during defect liability period and obtaining local statutory approvals if any from the concerned authorities.”

1.2 The Employer

Raj Kumari Amrit Kaur College of Nursing, New Delhi represented by M/s HSCC (I) Ltd.

1.3 In these documents wherever the word tender/ tenderer/ tendering has been used, the same may be considered synonymous with bid/ bidder/ bidding.

1.4 Time for Completion

The successful bidder shall complete the works within 06 (Six) calendar months from Engineer's order to commence the work.

2.0 Informations to be Submitted :

2.1 Bids submitted shall include the following information :

- (a) Copies of original documents defining the constitution, legal status, place of registration and principal place of business of the company or firm.
- (b) A work plan clearly bringing out how the bidder proposes to carry out the work to achieve the quality and the time schedule.

The work plan shall clearly spell out with specific details the following :

- i. Detailed programme in the form of a PERT/CPM network clearly bringing out details of start & completion of all important activities

and also programme showing material & labour resources related to the above PERT/CPM network.

- ii. List of equipment along with details proposed to be used on the works.
- iii. List and bio data of Engineers and other important staff members proposed to be employed on the works.
- iv. Details of new and used shuttering proposed to be employed on the works.

3.0 Cost of Bidding

- 3.1 The bidder shall bear all costs associated with the preparation and submission of his bids and "The Employer" will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

4.0 Site Visit

- 4.1 The bidder is advised to acquaint himself with the job involved, visit the Site & examine soil conditions, climatic conditions, labour, power, water, material availability, transport and communication facilities, environmental regulations, laws and bye-laws of statutory bodies, Government of Delhi and the Govt. of India and collect all information that will be necessary for preparing the bid and entering into a contract.

The cost of visiting the Site and collecting information for the purpose of submission of the bid shall be to the bidder's account.

- 4.2 The bidder and any of his personnel or agents will be granted permission by the Employer to enter upon the site for the purpose of such inspection, but only upon the express condition that the bidder, his personnel or agents will release and indemnify the Employer and Employer's Personnel and agents from and against all liability in respect thereof and will be responsible for personnel injury (Whether fatal or otherwise), loss of or damage to property and any other loss, damage, costs and expense however caused, which, but for the exercise of such permission would not have arisen.

B. BID DOCUMENTS

5.0 Content of Bid Documents

5.1 The Bid Documents comprise the following :-

Volume- I = Prequalification Document

Volume II = General Conditions of Contract

Volume III = Comprising :-

- Instructions to Bidders
- Specific Conditions of contract
- Additional Specific Conditions of Contract and specifications Relating to :
 - (a) Civil, Plumbing Works
 - (b) Electrical Installations Works.
- Sample forms of Securities
- Sample form of Agreement

Volume IV = Technical Specifications

Volume V = Bill of Quantities & Form of Bid

Volume VI = Tender Drawings

5.2 The bidder is expected to examine carefully all instructions, conditions, forms, terms, specifications and drawings in the Bid documents. Failure to comply with the requirements of the Bid Documents will be at the bidder's own risk.

Bids which are not substantially responsive to the requirements of the Bid Documents will be rejected.

6.0 Clarification on Bid Documents

6.1 A prospective bidder requiring any clarifications on the Bid Documents may notify the Engineer in writing or by telex or cable at the Engineer's mailing address indicated in the Bid Documents. A meeting of the prospective bidders shall be held at which the Engineer will respond to any request for clarification, which he receives within two weeks of the first date of the issue of the tenders. Written copies of the Engineer's response (including an explanation of the query but without identifying the source of the inquiry) will be sent to all prospective bidders who have received the Bid Documents.

7.0 Amendment of Bid Documents

- 7.1 At any time prior to the dead line for submission of bids, the Engineer may for any reason, whether at his own initiative or in response to a clarification requested by the prospective bidder, modify the Bid Documents by amendment.
- 7.2 The amendment will be sent to all prospective bidders who have received the Bid documents, to arrive not later than 7 days prior to the original or extended deadline for submission of bids, in writing or by telex or cable and will be binding upon them. Prospective bidders should promptly acknowledge receipt thereof by telex or cable to the Engineer.
- 7.3 In order to afford prospective bidders reasonable time in which to take an amendment into account in preparing their bids, the Engineer may, at his discretion, extend the deadline for the submission of bids.

C. PREPARATION OF BIDS

8.0 Language of Bid

- 8.1 The bid prepared by the bidders and all correspondence and documents relating to the bid exchanged by the bidder and the Engineer shall be written in the English Language.

9.0 Documents comprising the Bid

- 9.1 The bid to be prepared by the bidder shall comprise the following: - the Bid and Appendix thereto, the Bid Security, the Bill of Quantities; the Schedules of Supplementary information, and any other materials required to be completed and submitted in accordance with the instructions to Bidders embodied in these Bid Documents. The forms, bill of quantities and schedules provided in these Bid Documents shall be used without exception.
- 9.2 All documents issued for the purpose of bidding as described in Clause 5.1 and amendments issued in accordance with Clause 7, shall be deemed incorporated in the Bid, Bid Documents prepared and submitted in accordance with Clause 14 and 15 shall be returned by Bidders to the Employer along with the submission of the Bid.

10.0 Bid Prices

- 10.1 The bidder shall fill the rates against each item of BOQ both in words and figures in the blank spaces provided in the respective columns.

- 10.2 All duties, taxes, and other levies payable by the contractor under the contract including contractors profit and over heads etc. or for any other cost shall be included in the rates and prices and the total amount of bid submitted by the bidder and the evaluation and comparison of bids by the Engineer shall be made accordingly.
- 10.3 The rates and prices quoted by the bidder shall be fixed for items complete in all respect for the duration of the contract and not subject to adjustment on any account except as otherwise provided in the conditions of contract.
- 10.4 The bidder shall fill his most competitive rates in the first instance, as no negotiations shall be made after opening of the tenders except if required with the lowest bidder.
- 11.0 Bid Validity**
- 11.1 The bid shall remain valid and open for acceptance for a period of 120 days from the last date fixed for receiving the same.
- 11.2 In exceptional circumstances prior to expiry of the original bid validity period, the Engineer may request the bidder for a specified extension in the period of validity. The request and the responses thereto shall be made in writing or by cable or telex. A bidder may refuse the request without forfeiting his bid security. A bidder agreeing to the request will neither be required nor permitted to modify his bid, but will be required to extend the validity of his bid security correspondingly.
- 12.0 Bid Security**
- 12.1 The bidder shall furnish, as part of his bid, a bid security of the amount of Rs 6,20,000/- (Rupees Six Lakh Twenty Thousand Only). No deviation shall be permitted from this.
- 12.2 The bid security shall be in the form of a demand draft/pay order/bank guarantee in favour of M/s HSCC (INDIA) Ltd., Plot-6(A), Block-E, Sector-I, NOIDA, UP-201 301 from any Nationalised bank/Scheduled bank.
- 12.3 Any bid not accompanied by an acceptable bid security will be rejected by the Employer/Engineer as non-responsive.
- 12.4 The bid securities of unsuccessful bidders will be returned as promptly as possible but not later than 30 days after the expiration of the period of bid validity prescribed by the employer.

- 12.5 The bid security of the successful bidder will be returned upon the bidder executing the contract and furnishing the required performance security.
- 12.6 The bid security may be forfeited :
- a) If a bidder withdraws his bid during the period of bid validity.
 - b) In the case of successful bidder, if he does not :
 - i) enter into the contract, or
 - ii) furnish the necessary performance security
 - iii) agree to arithmetic corrections made as per terms of bid documents.
- 13.0 No interest will be payable by the engineer on the bid security amount cited above.

14.0 Format and Signing of Bid

- 14.1 The tender shall be filled & signed only by the firm/ corporation/joint venture in whose name the tenders have been issued. The bid shall be typed or written in indelible ink and duly signed by a person or persons duly authorised to being the bidder to the contract. Proof of authorization shall be furnished in the form of written Power of Attorney, which shall accompany the bid.
- 14.2 All pages of bid shall be initialled and stamped by the person signing the bid where entries or amendments have been made.
- 14.3 The complete bid shall be without alterations interlining and erasures except those to accord with instruction issued by the Engineer or as necessary to correct errors made by the bidder in which case such correction shall be initialled by person signing the bid.

D. SUBMISSION OF BID

15.0 Sealing, Marking & Submission

- 15.1 The bid shall be submitted in accordance with the procedure detailed herein. Specified documents shall be enclosed in envelope of appropriate size each of which shall be sealed.
- (i) Envelope No. 1 : Envelope No. 1 : Shall contain the Bid Securities, Offer letter and other bids volume I, II, III, IV & VI duly signed and stamped with necessary documents as described in prequalification

document including the following. Bids containing any conditions are liable to be rejected.

:

- (a) Bid Security as indicated in Clause 12 of Instructions to bidders.
 - (b) Power of attorney of person authorised to sign the bid.
 - (c) Original bid documents (all pages) & drawing (Volume I, II, III IV & VI) duly signed and stamped.
 - (d) Documents regarding constitution of bidder as indicated in Clause 2.1 of these Instructions to Bidders.
 - (e) Certificate of Registration.
 - (f) Proposed Construction Schedule and Schedule for man power to be deployed at site.
- (ii) Envelope No. 2 : Shall contain only the Bill of Quantities and rates/prices (Volume V) duly filled in and signed and stamped without any conditions whatsoever. Bids containing any conditions in Envelope No. 2 are liable to be summarily rejected.

The contractor must fill up price against each item of BOQ (Volume V) both in words and figures in the blank spaces provided in the respective columns. The rates written in words shall prevail in case of any variation between the rates mentioned in figure and words.

Please note that the price should not be indicated in any of the documents enclosed in envelope 1. Non compliance shall entail rejection of the bid.

15.2 The bidder shall seal the bid.

15.3 All the above three envelopes shall be sealed in a fourth envelope and addressed to The General Manager (PG-1), HSCC (INDIA) Ltd., Plot - 6 (A), Block - E, Sector - I, Noida, Uttar Pradesh - 201 301.

15.4 All the above envelope shall bear the following identification.

Name of work: “Up gradation/Renovation of Civil & Electrical works for existing Nursing College at Raj Kumari Amrit Kaur College of Nursing, New Delh, Tender number, due date and time.

15.5 All the envelopes shall indicate the name and address of the bidder to enable the bid to be returned unopened if required.

15.6 All recipients for the purpose of submitting a bid shall treat the contents of the documents as private and confidential.

16.0 Deadline for submission of bids

16.1 Bids must be received by the Engineer, HSCC (INDIA) Ltd , not later than 15.00 hours of the designated date.

16.2 The Engineer may, at his discretion, extend the deadline for submission of bids through the issuance of an amendment in accordance with Clause 7 in which case all rights and obligations of the Employer and the bidders previously subject to the deadlines shall thereafter be subject to the new deadline as extended.

17.0 Late Bids

17.1 Any bid received by the Employer/Engineer after the prescribed deadline for submission will liable to be rejected and will be returned unopened to the bidder.

18.0 Modification and Withdrawal of Bid

18.1 The bidder may modify or withdraw his bid after bid submission, provided that modification or notice of withdrawal is received in writing by the Engineer prior to the prescribed deadline for submission of bids.

18.2 The bidder's modification or notice of withdrawal shall be prepared, sealed, marked and despatched in accordance with the provisions for the submission of bids. Notice of withdrawal may also be sent by telex or cable but shall be followed by a signed confirmation copy, postmarked not later than the deadline for submission of bids.

18.3 No bid may be modified subsequent to the dead line for submission of bids.

18.4 No bid may be withdrawn in the interval between the deadline for submission of bids and the expiration of the period of validity of the bid specified. Withdrawal of a bid during this interval may result in the forfeiture of the bid security.

18.5 Subsequent to the expiration of the period of validity of bids prescribed in the bid documents, a successful bidder who has not been notified by the Engineer of the award of the contract may withdraw his bid without penalty.

E. BID OPENING AND EVALUATION

19.0 Bid Opening

19.1 Bids shall be opened in the office of HSCC at Plot - 6 (A), Block - E, Sector - I, Noida, Uttar Pradesh - 201 301, half an hour after the prescribed time for bid submission in presence of the bidders representative who may wish to be present.

Envelope No. 1 : Shall be opened first. If the Bid Security and prequalification application is not found as prescribed, the bid shall be summarily rejected. Bids of parties who do not accept the conditions laid above in the bid documents are also liable to be rejected.

Bids of parties who do not accept the conditions laid above in the bid documents are also liable to be rejected.

19.2. The Engineer will examine the bids to determine whether they are complete, whether they fulfil the prequalification criteria, whether the requisite bid securities have been furnished, whether the bids have been properly signed and stamped and whether the bids are generally in order.

19.3 Telegraphic/ Fax offer will be treated as defective, invalid and rejected. Only detailed complete bids received prior to the closing time and date of the bids will be taken as valid.

19.4 The bidder's names, general technical details, the presence of the requisite bid security and such other details as the Engineer, at his discretion may consider appropriate will be announced at the bid opening.

Envelope No. 2 : Contain the sealed price bid of parties whose bid is found to be generally in order, meets the prequalification criteria and substantially responsive shall be opened either at the bid opening or at a subsequent date to be intimated in advance to such eligible bidders

19.5 Only summary of prices quoted by the bidders will be read out.

19.6 The bid of any bidder who has not complied with any of the instructions contained herein may not be considered.

20.0 Process to be Confidential

20.1 After the public opening of bids, information relating to the examination, clarification, evaluation and comparisons of bids and recommendations

concerning the award of contract shall not be disclosed to bidders or other persons not officially concerned with such process.

- 20.2 Any effort by the bidder to influence the Employer/ Engineer in the process of examination, clarification, evaluation and comparison of bids and decision concerning award of contract may result in the rejection of the bidder's bid.

21.0 Clarification of Bids

- 21.1 To assist in the examination, evaluation and comparison of bids, the Engineer may ask bidders individually for clarification of their bids, including breakdowns of unit prices. The request for clarification and the response shall be in writing or cable or telex, but no change in the price or substance of the bid shall be sought, offered or permitted except as required to confirm the correction or arithmetical errors discovered by the Engineer during the evaluation of the bids in accordance with Clause 24 hereof.

22.0 Determination of Eligibility & Responsiveness

- 22.1 The Engineer will determine whether the bid is substantially responsive to the requirements of the Bid Documents.

For the purpose of this clause, a substantially responsive bid is one which conforms to all the terms, conditions and specifications of the bid documents without any deviation or reservation.

- 22.2 A bid which in relation to the cost estimate of the Engineer is unrealistically priced and which cannot be substantiated satisfactorily by the bidder may be rejected as non responsive.

23.0 Correction of Errors

- 23.1 Bids determined to be substantially responsive will be checked by the Engineer for any arithmetical errors in computation and summation. Errors will be dealt by the Engineer as follows :-

- a) Where there is discrepancy between rates indicated in figures and in words, rates in words will govern.
- b) Incorrectly added totals will be corrected.
- c) In case of any clerical error between the rates indicated in figures and words, the rate in words would prevail. In case there is any inconsistency between the rate and the value extended (after multiplication with the tender quantity), the rate quoted shall prevail.

23.2 If a bidder does not accept the correction of errors as outlined above, his bid will be rejected.

24.0 Evaluation and Comparison of Bids

24.1 Only such of the bids as have been determined to be substantially responsive to the requirements of the bid documents, in accordance with Clause 22 will be evaluated. Other non-responsive bids will be rejected.

24.2 Bidders shall note that no preference of any nature will be given to any Bidder notwithstanding any custom, usage or instructions to the contrary.

24.3 Evaluation of the bids will take into account, in addition to the bid amounts, the following factors.

- a) Arithmetical errors corrected in accordance with Clause 23.
- b) Such other factors as the Engineer considers may have a potentially significant impact on contract execution price and payments.

24.4 Offers, deviations and other factors which are in excess of the requirements of the bid documents or otherwise result in the accrual of unsolicited benefits to the Employer shall not be taken into account in bid evaluation.

24.5 Price adjustment provisions applying to the period of execution of the contract shall not be taken into account in bid evaluation except to the extent specifically stated in the contract.

F. AWARD OF CONTRACT

25.0 Award Criteria

25.1 Subject to clause 26, Engineer will award the contract after prior approval by the Employer to the bidder whose bid has been determined to be eligible and to be substantially responsive to the bid documents and who has offered the lowest evaluated bid of the bill of quantities, provided further that the bidder has the capability and resources effectively to carry out the contract works.

26.0 Engineer's Right to Accept any Bid, to Reject any or all Bids

26.1 Notwithstanding Clause 25, the Employer/Engineer reserves the right to accept or reject any bid including the lowest and to annul the bidding process and reject all bids, at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders or any obligations to

inform the affected bidder or bidders of the grounds for the Employer's/Engineer's action.

27.0 Notification of Award

27.1 Prior to the expiration of the prescribed period of bid validity, the Engineer will notify the successful bidder by cable or telex or letter confirmed in writing by registered letter that his bid has been accepted.

27.2 The notification of award will constitute the formation of the Contract.

27.3 Upon the furnishing by the successful bidder of a performance security in accordance with the provisions of Clause 29, the Engineer will promptly notify the unsuccessful bidders that their bids have been unsuccessful.

28.0 Signing of Agreement

Upon the receipt of the notification of award by the successful bidder, the successful bidder shall fill the Agreement in accordance with form of Agreement included in the Bid Documents and submit the same to the Engineer within two weeks of the date of receipt of notification of award. The Engineer shall return the draft duly approved within ten days from the receipt of the draft and the successful bidder shall get the same engrossed, have the correct amount to stamp duly adjudicated by Superintendent of Stamps and thereafter return the same duly signed and executed on behalf of the successful bidder, all at his own cost within three weeks from the receipt of the approved draft.

29.0 Performance Security

29.1 Within 15 days of receipt of the notification of award from the Engineer, the successful bidder shall furnish to the Engineer a security in the form of a bank guarantee from Nationalised/Scheduled bank for an amount of 5 percent of the contract sum. The validity of the performance security shall be upto the end of the Defect Liability Period with a further claim period of three months.

29.2 In cases, where the aggregate of expected contract payment would at any time exceed the Engineer's estimate of actual work performed by more than the amount of performance security specified in Clause 29.1 such security shall be increased accordingly at the expense of the successful bidder.

29.3 Failure of the successful bidder to lodge the required bank guarantee shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security, in which event the Engineer may make the award to the next lowest evaluated bidder or, if there are no other bidders, call for new bids.

SPECIFIC CONDITIONS OF CONTRACT

The Conditions of Contract shall be GENERAL CONDITIONS OF CONTRACT in Volume II (hereinafter called the General Conditions) as modified or added to by the following specific condition of contract which shall be read and construed with the general conditions as if they were incorporated therewith.

Insofar as any of the Conditions of specific conditions of contract conflict or be inconsistent with any of the general Condition, the conditions of specific conditions of contract shall prevail.

30.0 Definitions

- a) "EMPLOYER/PRINCIPAL EMPLOYER" means Raj Kumari Amrit Kaur College of Nursing, New Delhi.
- b) "ENGINEER" Means The General Manager (PG-1) of HSCC (INDIA) Ltd. or any officer nominated by the Chairman-cum-Managing Director, HSCC (INDIA) Ltd. to act as Engineer from time to time.
- c) "MONTH" and "YEAR" and all dates shall be calculated according to the Gregorian Calendar.

31.0 Insurance of Works, etc.

All Insurances referred to in General Conditions shall be effected with an Indian Insurance Company incorporated and registered in India.

- 32.0 Performance guarantees, advance payment guarantee and any insurance policies entered into by the Contractor under the terms of the Contract, shall stipulate that the proceeds of any claim shall be payable to **Raj Kumari Amrit Kaur College of Nursing, New Delhi.**

33.0 Certificates and Payments

- a) The contractor shall submit to the Engineer after the end of each month a detailed statement including measurements showing the estimated contract value of the permanent works executed upto the end of the month together with particulars of other amounts to which he is entitled under the Contract.
- b) The statement shall be submitted on a printed proforma (prepared at the cost of the contractor) approved by the engineer.

- d) The contractor shall be paid monthly on the certificate of the Engineer, the amount due to him which shall be the sum of the following amounts.
- i) Subject to and in accordance with clause 21 of these specific conditions, the estimated contract value of the permanent works executed upto the end of the previous month less retention money named in the bid, and
 - ii) 75% of the value of materials delivered to the site for permanent works on the site provided the engineer is satisfied that the amounts for such materials are reasonable bearing in mind the requirements of works, less deductions, if any as per clauses 33(f) and 37 of these specific conditions and other contract conditions.
- e) **Retention Money**
- I. Within 15 days of award of work, the contractor shall furnish a Bank Guarantee from any Nationalised / Scheduled bank for an amount of 3% of the contract price in the form approved by the Engineer.
 - II. Further retention money @ 3% shall be deducted from each interim certificate subject to a maximum of 2% of the Contract price.
- f) The retention money shall subject to clause 60.6 (a) & 60.6 (b) of General Conditions of contract become due and shall be paid to the contractor when the Engineer shall issue the taking over certificate notwithstanding that at such time there may be outstanding claims by the contractor against the Employer, provided always that if at such time there shall remain to be executed by the contractor any works ordered during the Defect Liability Period pursuant to clause 49.1, 49.2, 49.3, 49.4 and 50.1 of the General conditions hereof the Employer shall be entitled to withhold payment until the completion of such works as much of the retention money as the Engineer may in his absolute discretion think fit.
- g) Payment upon each of the Engineer's certificates shall be made by the HSCC (INDIA) Ltd. acting for and on behalf of Employer within 30 days after such certificate has been issued by the Engineer.

However 75% of the estimated amount as determined by the Engineer/ or his representative of the payment due against the monthly running bill shall be paid within 10 (Ten) working days after certification by Engineer/his representative.

- h) The Engineer may at any time make any corrections or modifications to any certificate, which shall have been issued by him and shall have power to withhold any certificate if the works or any part thereof are not being carried out to his satisfaction.
- i) The responsibility for making the payments or meeting other obligations to the contractor in respect of all works as certified by the Engineer shall be that of the Employer and not of the Engineer.
- j) After completion of work and prior to final payment, the contractor shall furnish to the Engineer, a release of claims against the Employer arising out of the contract, other than claims specifically identified, evaluated and excepted from the operation of the release by the contractor.

34.0 Settlement of Disputes - Arbitration

Sub Clause 67.1, 67.2, 67.3 and 67.4 of G.C.C. shall be followed.

35.0 Address

- a. The address of the Employer is as follows :

Raj Kumari Amrit Kaur College of Nursing, Near Vikram Hotel, Mool Chand, New Delhi.

- b. The address of the Engineer is as follows

The Chief General Manager (PG-1), HSCC (INDIA) Ltd., Plot - 6 (A), Block - E, Sector - 1, Noida, Uttar Pradesh - 201 301.

- c. The address of the Contractor is

36.0 The Following Shall be Read in Addition to Clause 34.1 to The General Conditions

36.1 Labour

36.1.1 Engagement of Labour

The Contractor shall make his own arrangements for the engagement of all labour, local or otherwise, and, save insofar as the Contract otherwise provides, for the transport, housing, feeding and payment thereof.

36.1.2 Supply of Water

The contractor shall provide at his own cost adequate quantity of drinking water on the site to the satisfaction of the Engineer's Representative for the use of the Contractor's and the Engineer's staff and work people, Sub-Contractors and site visitors.

36.1.3 Alcoholic Liquor or Drugs

The Contractor shall not import, sell, give, barter or otherwise dispose of any alcoholic liquor, or drugs, or permit or suffer any such importation, sale, gift, barter or disposal by his sub-contractors, agents or employees.

36.1.4 Arms and Ammunition

The Contractor shall not give, barter or otherwise dispose off to any person or persons, any arms or ammunition of any kind or permit or suffer the same as aforesaid.

36.1.5 Festivals and Religious Customs

The Contractor shall in all dealings with labour in his employment have due regard to all recognised festivals, days of rest and religious or other customs.

36.1.6 Epidemics

In the event of any outbreak of illness of an epidemic nature, the Contractor shall comply with and carry out such regulations, orders and requirements as may be made by the Government, or the local medical or sanitary authorities for the purpose of dealing with and overcoming the same.

36.1.7 Disorderly Conduct, etc.

The Contractor shall at all times take all reasonable precautions to prevent any unlawful, riotous or disorderly conduct by or amongst his employees and for

the preservation of peace and protection of persons and property in the neighbourhood of the works against the same.

36.1.8 Observance of Legislation etc.

The Contractor shall at all times during the continuance of the Contract comply fully with all existing Acts, regulations and bylaws including all statutory amendments and re-enactments and acts that may be passed in future either by the state or the Central Government or local authority, including, Indian Workmen's Compensation Act, Contract Labour (Regulation and Abolition) Act 1970 and Equal remuneration Act 1976. Factories Act, Minimum Wages Act provident fund regulations employees provident Fund Act and schemes made under same Act, Health and Sanitary Arrangements for workmen, Insurance and other benefits and shall keep the Employer indemnified in case any action is commenced for contravention by the contractor. If the Employer is caused to pay or reimburse any amounts for non-observance of the provisions of this clause on the part of the contractor the Engineer shall have the right to deduct from any moneys due to the contractor or recover from the contractor personally any sum required or estimated to be required for making good the loss or damage suffered by the Employer. All registration and station inspection fees if any in respect of his work pursuant to the contract shall be to the account of the contractor.

36.1.9 Fair Wages :

The Contractor shall pay the labours engaged by him on the work not less than a fair wage, which expression shall mean, whether or time or piecework, the respective rates of wages as fixed by the public works department as fair wages for the area payable to the different categories of labourers or those notified under the Minimum wages act for corresponding employees of the Employer whichever may be higher.

36.1.10 The Contractor shall notwithstanding the provisions of any contract to the contrary, cause to be paid a fair wage to the labourers indirectly engaged on the works including any labour engaged by subcontractors in connection with the said works as if the labourer has been immediately employed by him.

36.1.11 Notices :

The Contractor shall before he commences the work display and correctly maintain in a clean and legible condition at a conspicuous place on the Site notices in English and in a local language spoken by the majority of the workers, stating therein the rate of wages which have been fixed as fair wages and the hours of work for which such wages are earned and send a copy of such notices to the Engineer.

36.1.12 Wage Records :

The contractor shall maintain records of wages and other remuneration paid to his employees in such form as may be convenient and to the requirements of the Employer/Engineer and the conciliation officer (Central) Ministry of Labour, Government of India, or such other authorised person appointed by the Central or State Government and the same shall include the following particulars of each worker:

- i) Name, works number and grade
- ii) Rate of daily or monthly wage.
- iii) Nature of work on which employed
- iv) Total number of days worked during each wage period.
- v) Total amount payable for the work during each wage period.
- vi) All deductions made from the wage with details in Each case of the ground for which the deduction is made.
- vii) Wage actually paid for each wage period.

36.1.13 The contractor shall provide a wage slip for each worker employed on the works.

36.1.14 The wage record and wage slips shall be preserved for at least 12 months after the last entry.

36.1.15 Inspection of Wage Records

The Contractor shall allow inspection of the aforesaid wage records and wage slip to the Engineer and to any of his workers or to his agent at a convenient time and place after due notice is received, or to the Employer or any other person authorised by him on his behalf.

36.1.16 The Employer and the Engineer or any other person authorised by them on their behalf shall have power to make enquiries with a view to ascertaining and enforcing due and proper observance of the Fair Wages Clause. He shall also have the power to investigate into any complaint regarding any default made by the Contractor or sub-contractor in regard to such provision.

36.1.17 The Employer shall have the right to deduct from the moneys due to the Contractor any sum required or estimated to be required for making good the loss suffered by a worker or workers by reason of non payment of the aforesaid fair wage, except on account of any deductions that may be permissible under any law for the time being in force.

36.1.18 Representation of Parties

- (i) A workman shall be entitled to be represented in any investigation or enquiry under this Clause by :-
 - (a) An officer of a registered trade union of which he is a member.
 - (b) An officer of a federation of trade Union to which the Trade Union referred to in pervious Sub-clause is affiliated.
 - (c) Where the Worker is not a member of any registered Trade Union, by an officer of a registered Trade Union connected with or by any other workman employed in the industry in which the workers is employed.
- (ii) The contractor or sub-contractor shall be entitled to be represented in any investigations or enquiry under this clause by an officer of an Association of Employers of which he is a member.
- (iii) No party shall be represented by a legal practitioner in any investigation or enquiry under this clause, unless all parties agree.

36.1.19 Safety Provisions

The Contractor shall comply with all the precautions as required for the safety of the workman by the I.L.O Convention (NO. 62) as far as they are applicable to the Contract. The Contractor shall provide all necessary safety appliances, gears like goggles helmets, masks, etc. to the workmen and the staff.

36.1.20 The Contractor shall be responsible for observance by his sub-Contractors of the foregoing provisions.

36.1.21 Footwear

The Contractor shall at his own expense provide footwear for all labour engaged on concrete mixing work and all other type of work involving the use of tar, cement, etc. to the satisfaction of the Engineer or his Representative, and on his failure to do so the Employer shall be entitled to provide the same and recover the cost from the Contractor.

The Contractor shall deliver to the Engineer's Representative at his office on the Site a return in detail in such form and at such intervals as the Employer/ Engineer may prescribe showing the supervisory staff and the numbers of the several classes of labour from time to time employed on the Site.

36.2..1 to 5 Variation in Price (Deleted)

This is a Firm Price Contract. Escalation shall not be payable.

36.2.6 Subsequent Legislation

If, after the date thirty days prior to the latest date for submission of bids for the works, there occurs changes to any National or State Statute, Ordinance, Decree or other law or any regulation or bye-law of any local or other duly constituted authority or the introduction of any such statute ordinance, etc. which causes additional or reduced cost, the same shall be certified by the Engineer and shall be paid by or credited to the Employer and the Contract Price adjusted accordingly. Notwithstanding the foregoing such additional or reduced cost shall not be separately paid or credited if the same shall already have been taken into account in the indexing of any inputs to the price adjustments formula in accordance with the provisions of sub-clauses (1), (2), (3), (4) and (5) of this clause.

The following items are not to be included in the price adjustment calculations:

- a. Liquidated Damages.
- b. Retention money withheld and released.
- c. Advance payments in the form of loan and their repayments.
- d. Value of any additional or varied work valued at current price.
- e. Payment to "nominated" sub - contractors included as "provisional sums" or "prime cost" items in the Contract price.

37.0 Taxation

The contractor and his staff shall pay all taxes, duties, levies, etc. of the Government provisions of the Income-Tax Act or as per the advice of the Income Tax Authority. Deduction of Income-Tax/ other taxes shall be made from each certificate of payment as per the relevant provisions of the Income Tax Act or as per the advice of the Income Tax authority/ other competent authority.

38.0 Co-ordination Meeting

The Contractor shall be required to attend co-ordination meetings with the Engineer, the consultant and the other contractors during the period of contract as instructed by the Engineer. All costs incidental to such interaction shall be

to the contractor's account and no claim will be entertained by the Employer/Engineer on this account.

39.0 Special Applications

39.1 Site Information

The proposed site for the Construction is located near Vikram Hotel, Mool Chand, New Delhi.

39.2 Special Instruction

Within one month of start of work, the contractor shall provide to Consultant and maintain at his own cost 1 nos. branded computer (HP/COMPAQ/IBM/DELL) of latest model / version along with UPS (APC/HP) with 3 hrs. Battery back up, required softwares and peripherals, HP Laserjet printer 1000 series, PS2 mouse with Windows XP Professional & Microsoft Office preloaded and also 1 nos. computer table with chair.

Within fifteen days (fortnight) of start of work, the contractor shall provide at his own cost to Consultant the required office accommodation (75 Sqm) with office furniture Godrej make office tables (2 nos.) & chairs (6 nos.), 1 nos. steel almirah (6' height), 1 nos. filing cabinets along with one 165 lit refrigerator, toilet complete with soak pit, electricity & water supply points as directed by Engineer. The cost of all monthly bills for water & electricity will be borne by the Contractor till Defect Liability Period. The cost of maintenance will also be borne by the contractor till defect liability period. The quoted rate shall also include the cost of providing of vehicle (Ambassador or Equivalent) in excellent working condition for official use of site staff of HSCC during project duration including the period of extension granted, if any, limited to 3000 Km per month. The Client/HSCC/Employer shall not be supplying any material, labour, plant etc. unless explicitly mentioned so.

The above said office along with furniture etc shall be the property of the contractor and is to be removed after completion of all obligations of the contractor under the contract including the defect liability period.

Within a month of start of work, the contractor shall provide Consultant with telephone (Landline or Mobile) facility at site office including STD facility & pay at his cost all monthly bills limited to Rs 2000.00 (Rupees Two Thousand Only) per month.

The entire works will be liable to be inspected by Chief Technical Examiner i.e. CTE. /CVC and ISO inspector. The contractor will provide all necessary

help required for in this connection. The contractor will have to comply with the procedures/observations/ suggestions of the CTE/ISO in respect of quality, specifications, and workmanship in his scope of work, if any. No extra payment will be made on this account however, any recovery arising out of the CTE's/ISO's observation will be borne by the contractor.

All the expenditures incurred towards payment to the local body for getting electrical power/load, Sewer line and water supply connection for Employer will be reimbursed on the production of proof of payment. The contractor will be promptly extended all assistance in this connection.

39.2.1 Contractor's Working Area

Suitable working area will be provided to the Contractor. The Contractor may have to carry out some cutting / filling work for making his working area. The cost of all such works shall be deemed to have been included in the rates and prices quoted for the works and no extra payment shall be made on this account.

39.2.2 Contractor's Temporary Structures

The Contractor may, at his own expense and subject to the approval of the Engineer and statutory authorities, construct offices, stores, workshop in the area allocated to him and remove the same as per the orders of the Engineer on completion of works. The Contractor shall furnish such details of his temporary works as may be called for by the Engineer and the Contractor shall satisfy the Engineer as to their safety and efficiency. Engineer may direct those temporary work which he considers unsafe or inefficient be removed and replaced in a satisfactory manner. The contractor shall immediately follow Engineer's directions/instructions.

The contractor shall make his own arrangement at his own expense for labour camp/ accommodation of his labour and staff and their conveyance to site as no workers/ staff shall unless with the specific approval of the Engineer be allowed to stay within the site. Gate passes shall be issued by the engineer to authorise the contractor's staff and workers to enter the site.

39.2.3 Procurement of Various Materials

The Employer will not supply any construction materials required for the works under this Contract. The Contractor must, therefore, make his own arrangements for timely procurement of various materials including steel and cement.

39.2.4 Water Supply & Power Supply

The contractor shall make his own arrangement for water supply at site for drinking as well as construction purposes at his own cost. The contractor shall also make his own arrangements for power supply at site for construction purposes and general use at his own cost.

Non-availability of power supply and/or water from whatever source shall not entail any additional claims or extension of contract period in this account.

39.2.5 Telecommunications

The Contractor shall apply to the P&T authorities for the necessary telephone and communication lines at his cost.

39.2.6 Temporary Fencing

The contractor shall at his own expense, erect and maintain in good condition temporary fences and gates along the boundary of the areas assigned to him for the purpose of execution of the works.

The Contractor shall, except when authorised by the Engineer, confine his men, materials and plant within the Site of which he is given possession. The Contractor shall not use any part of the Site for purposes not connected with the works unless prior written consent of the Engineer has been obtained. Access shall be made to such areas only by way of approved gateways.

39.2.7 Testing of Materials

All materials used in the works shall be subject to inspection and tests. The Contractor shall carry out sampling of such materials and making of concrete test cubes as and when ordered by the Engineer as per the appropriate Indian Standards and as directed by the Engineer. The contractor shall deliver the samples of materials and concrete test cubes to the Engineer in a manner as directed by the Engineer who will inspect the same and then order for testing of the materials and concrete cubes.

The Contractor shall arrange for testing of materials normally at site but samples may be sent to approved Govt. laboratories eg Bangalore, Chennai, Delhi, etc if necessary. The delivery of the samples shall be undertaken by the contractor. The cost and charges for sampling of materials and concrete cubes and delivering the same to the office of the Engineer and/or other places including all incidentals in connection with the same as directed by the Engineer and the testing charges thereof shall be borne by the contractor and shall be deemed to be included in the rates and prices quoted in the Bill of

quantities. The results of the tests carried out shall be binding on the contractor who shall comply with any rectification measures that the Engineer may deem fit and order to be executed by the contractor as a result of testing.

39.2.8 Approval of Samples prior to use

The contractor shall submit the samples of materials, he proposes to use in the works for prior approval of the Engineer. A sample room shall be maintained at site in which all approved samples shall be kept for comparison with materials being used at site. Any materials not confirming to the approved samples shall be rejected.

39.2.9 Bar Bending Schedule

Contractor shall prepare bar bending schedules for prior approval of the Engineer. However, the approval does not relieve the contractor from his liability for bending, placing and binding reinforcements as per the approved drawings.

39.3 Drawings to be Supplied by Engineer

The Engineer shall supply to the contractor from time to time during the progress of the works such further drawings as will be necessary in his opinion for the proper and adequate execution and maintenance of the works in accordance with the design and or any modification thereof as decided by the Engineer and the contractor shall carry out the work in accordance with the said drawings. Any further drawing/ detailing require shall be made by the contractor at his own expense.

39.4 "AS MADE" Drawings

The Contractor shall supply two complete sets of "As Made" Drawings on polyester tracing film 75 micron thick and also on computer floppy and three prints showing details of all the works as executed. The drawings and prints shall be delivered to the Engineer within one month of completion of the various sections of the work or at such other times as directed by the Engineer. The drawings shall be fully dimensioned with the Engineer's standard title block or as approved by the Engineer. The cost of making the "As Made" drawings shall be deemed to be included in the rates quoted in the Bill of Quantities.

39.5 Progress Photograph

The contractor shall supply to the Engineer a negative and three prints of colour progress photographs of such portions of the work in progress or

completed as directed by the Engineer. The negative and the photographs shall become the property of the Employer. The photographs shall be of approximate size 169mm x 115mm each. The photographs shall be mounted in albums and shall be suitably inscribed and captioned. The albums in a chronological order shall be handed over to the Engineer. No prints or the negatives may be supplied to any persons without the authority of the Engineer.

39.6 Programme of Work and Progress Reports

The Contractor shall submit to the Engineer within four weeks of the award of the contract six copies of a detailed schedule showing in an approved form the estimated dates of commencement and completion of different parts of the works including the expected dates for completion of the various sections of the works. The detailed schedule shall be such as it can be updated quarterly or as directed by the Engineer. Six copies of the revised schedule shall be supplied to the Engineer as and when it is revised.

The Contractor shall submit to the Engineer before the second day of every week a progress report for the preceding week showing the upto date progress and progress during the preceding week on all items of each section of the works in relation to and in consideration of the detailed schedule.

39.7 Metric Units

Metric units have been used in the specifications and on all the drawings.

If any materials described in the contract or ordered by the Engineer are described by dimensions in the metric units and the contractor can not in accordance with the contract, procure such materials in the measure specified in sufficient time to avoid delay in the performance of his other obligations under the contract, but can obtain such materials in other measure to dimensions approximating to those described in the Contract or ordered by the Engineer, then the contractor shall henceforth give notice to the Engineer of these facts stating the dimensions to which such materials are procurable in the other measure. As soon as practicable after the receipts of any such notice the Engineer shall give an order to the contractor which shall either :

- (a) Direct the contractor to supply such materials to the dimensions stated in his said notice to be procurable instead of the dimensions described in the contract or originally ordered by the Engineer, or
- (b) Direct the contractor to make some other variation whereby the need to supply such materials to the dimensions described in the contract or originally ordered by the Engineer will be avoided.

39.8 Field Materials Testing Laboratory

39.8.1 The contractor shall provide a laboratory at his own cost for the testing of bricks, concrete cubes, concrete materials, soil and any other materials in accordance with the directions of the Engineer.

39.8.2 The laboratory will be administered and staffed by the Engineer but the contractor shall provide the following personnel at his own cost for attendance at the laboratory throughout the contract :

- i) Two suitable qualified assistants capable of carrying out routine work necessary for the efficient running of the laboratory & other Project related work. Two assistants shall be experienced in concrete testing.
- ii) Two attendants to provide incidental labour as necessary in connection with the testing of materials, cleaning instruments etc.

39.8.3 The laboratory shall be equipped by the contractor at his own cost with all necessary apparatus to carry out the following tests in accordance with relevant Indian Standards or equivalent approved Standards :

- i) Cement Testing:

Tests for fineness, strength, setting time and soundness in accordance with IS: 4031

- ii) Concrete Testing:

Tests for workability, proportions, density and strength in accordance with IS: 516 and 1199. In particular the cube testing machine shall be capable of exerting a slowly applied force upto 200 tonnes and the platens shall be suitable for crushing both 150 mm and 200 mm cubes. A vibrating table of suitable design shall be provided for compaction of cubes.

- iii) Aggregate Testing:

In accordance with IS: 2386 (Part I to VIII) for the following tests on both fine and coarse aggregates:

- a) Sieve analysis
- b) Determination of bulk density and voids on fine aggregates only:

- c) Determination of moisture content, specific gravity and absorption on coarse aggregates only:
- d) Determination of specific gravity and absorption

39.8.4 The Contractor shall, after getting approval from the Engineer print at his own cost all forms, tables, formats etc. required for recording test results etc.

39.8.5 The laboratory shall be connected to the main water and electricity services. It shall also be supplied with portable gas equipment.

39.8.6 On completion of the Maintenance period the laboratory is to be dismantled and removed from Site. The dismantled materials and equipment shall be the property of the contractor.

40.0 Rates/Prices

The quoted rates/prices for the items shall be complete in all respect including all labour, material, plant and machinery, tools and tackles, all taxes, duties, levies, octroi, statutory levies applicable from time to time etc. The contractor should quote his rates/prices accordingly for the complete items in all respects.

41.0 Compliance for Statutory Obligations

The contractor shall comply all the statutory obligations and obtain all required clearances to implement the project without any financial repercussions to HSCC/Client and ensure all follow up actions with the local authorities in this respect for smooth functioning of the project.

42.0 Unpriced Bids

The un priced copies of the purchase orders of major items/equipments and of sub contracts placed by the contractor shall be furnished to the Engineer.

ADDITIONAL SPECIFIC CONDITIONS OF CONTRACT

AND

SPECIFICATIONS

(A) RELATING TO CIVIL, PLUMBING & ELECTRICAL WORKS

1.0 General

1.1 The following specific conditions and specification shall be read in conjunction with General Conditions of Contract and Specific Conditions of Contract. If there are any provisions in these additional specific conditions and specifications which are at variance with the provisions in the above mentioned documents, the provisions in these additional specific conditions & specifications shall take precedence.

1.2 These additional specific conditions and specification shall be considered as an extension and not as a limitation of the obligations of the preference.

* The CPWD General Specifications for Electrical works: Part V - Down Comer System for Fire Fighting - 1985. Terminologies used in the Bid shall also be in accordance with the CPWD General Specifications for Electrical works: Part V - Down Comer System for Fire Fighting - 1985.

* For items not covered in CPWD Specifications, the work shall be done as per the latest relevant IS Code of practice.

* For items not covered by any of the above the installation shall be done as directed by the Engineer and as per sound engineering practices.

2.0 Scope of Contract

2.1 The scope of work covers the supply, erection, testing and commissioning of the Civil, Plumbing & Electrical Systems which includes testing and commissioning of components and accessories of:-

* Civil Works, Plumbing Works

* Electrical Works

- 2.2 The work shall be carried out in conformity with the plumbing drawings and within the requirement of architectural, electrical, structural and other specialised service drawings.
- 2.3 The Contractor shall make provision of hangers, sleeves, structural openings and other requirements well in advance to hold up progress of the construction schedule.
- 2.4 The said contract comprise of furnishing of all materials, equipment, labour & transportation etc. necessary to render the installation fully operational as per the intent of specification and drawings, including any necessary adjustment or corrections. The installation shall be all in conformity with local laws covering such installation.

3.0 Contract Drawings

- 3.1 The Drawings issued with the bid are diagrammatic only and indicate the extent and general arrangement of the installation. Drawings shall not be scaled.
- 3.2 The Contractor shall follow the bid drawings in preparation of his Shop drawings and for subsequent installation work. He shall check the drawings of other services to verify spaces in which his work will be installed. The Contractor shall examine all Architectural, Structural, plumbing and other services Drawings before starting the work and report to the Engineer any discrepancies and obtain clarification. Any changes found essential to coordinate installation of this work with other services, shall be made with prior approval of the Engineer.

4.0 Shop Drawings

- 4.1 With in Four weeks after award of the contract, the Contractor shall furnish for approval of the Engineer, three sets of detailed Shop Drawings of all equipment and materials required to complete the work as per specifications. These drawings shall contain details of construction, size, arrangement, operating clearances, performance characteristics, and capacity of all items of equipment, as also the details of all related items of work of other trades.
- 4.2 All drawings necessary for assembly, erection, maintenance, repair and operation of the equipment shall be furnished and Different parts shall be suitably numbered for identification and ordering of spare parts.
- 4.3 When the Engineer makes any amendments in the above Drawings, the Contractor shall supply fresh sets of Drawings with the amendments duly incorporated, along with the drawings on which corrections were indicated.

- 4.4 No material or equipment may be delivered or installed at the job site until the Contractor has in his possession, the approved Shop Drawings for that particular material or equipment.
- 4.5 After approval of the drawings by the Engineer, the Contractor shall further furnish six sets of Shop Drawings for the exclusive use of and retention by the Engineer.
- 4.6 Approval of Drawings by the Engineer shall not relieve the Contractor of any part of his obligation to meet all the requirements of the Contract or of the correctness of his Drawings. The Engineer's approval of specific item shall not mean the approval of the assembly of which it is a component. The Contractor shall be responsible for and is to bear the cost for all alternations of the works due to discrepancies or omission in the Drawings or other particulars supplied by him, whether such drawings have been approved by the Engineer or not.
- 4.7 Where the work of the Contractor has to be installed in close proximity to, or will interfere with the work of other Trades, the Contractor shall assist in working out the space conditions to make a satisfactory adjustment. If so directed by the Engineer, the contractor shall prepare composite working drawings and sections at a suitable scale not less than 1:50, clearly showing how his work is to be installed in relation to the work of other Trades. If the Contractor installs his work before coordinating with other Trades, or so as to cause any interference with the work of other trades, he shall make all the necessary changes without extra cost.

5.0 Samples and Catalogues

- 5.1 Prior to ordering any equipment/ material/ system, the Contractor shall submit to the Engineer, the catalogues, along with samples from approved list of manufacturers. No material shall be procured prior to the approval by the Engineer.

5.2 Approval of Materials

All materials used on the works shall be new and of the best quality available, conforming to the relevant specifications and as per good engineering practice. Prior approval shall be obtained in writing from the Engineer for all materials proposed and when necessary, approved sample duly identified and labelled shall be deposited with the Engineer and shall be kept at site. List of approved make indicates make / manufacturer generally acceptable but final choice of make / manufacturer of material & models shall be with the Engineer.

6.0 Material and Equipment

- 6.1 All Material and Equipment shall conform to the relevant Indian Standards.
- 6.2 Where interfacing occurs, equipment shall be mutually compatible in all respects.
- 6.3 Where an item of equipment, other than as specified or detailed on the Drawings, is approved by Engineer if it requires any re-design of the structure, partitions, foundation, piping, wiring or any other part of the mechanical, electrical or architectural layout, all such re-design, and all new drawings and detailing required therefore, shall be prepared by the Contractor at his own expense and approval obtained by the Engineer.
- 6.4 All similar equipment, materials, removable parts of similar equipment etc. shall be inter-changeable with one another.
- 7.0 Conformity with Statutory Acts, Rules and Standards
 - 7.1 The installation shall be in conformity with the Bye-laws Regulations and Standards of the local authorities applicable to the installations. But if the specifications and drawings call for a higher standard of materials and/or workmanship than those required by any of the above regulations and those required by any of the above regulations and standards, then the specifications and drawings shall take precedence over the said regulations and standards.
 - 7.2 However, if the drawings or specifications required something which violates the Bye-laws and Regulations, then the Bye-laws and Regulations shall govern the requirement of this installation.
 - 7.2.1 Indian Electricity Act and Rules : all electrical works on connection with installation of the system shall be carried out in accordance with the provision of the Indian Electricity Act, 1910 and the Indian Electricity Rules 1956, both amended upto date.
 - 7.2.2 CPWD specifications : The Electrical installation work shall conform to CPWD General Specifications for Electrical Works Part I (Internal) 1972 and Part II (External) 1974, both amended upto date.
 - 7.2.3 Indian Standards : The System/ components shall conform to relevant Indian Standards wherever they exist and to the National Building Code - 1983.
 - 7.2.4 Nothing in these specifications shall be construed to relieve the Contractor of his responsibility for the design, manufacture and installation of the equipment

with all its accessories in accordance with applicable Statutory Regulations and safety codes in force.

8.0 Technical Data

8.1 Deleted

9.0 Manufacturer's Instructions

9.1 Where Manufacturer's have furnished specific instructions, relating to the Materials and Equipment used, covering points not specifically mentioned in these documents, manufacture's instructions shall be followed.

10.0 Training and Operating Instructions

10.1 If required by the Engineer, the Contractor shall at no extra cost train members of the maintenance staff either at his or the sub-contractor's workshop or at such other place or places as may be considered suitable by the Engineer.

10.2 Upon completion of all work and all tests the Contractor shall furnish the necessary skilled labour and helpers for operating the entire installation for a period of fifteen (15) working days. During this period the contractor shall instruct and train the Engineer's representative in the operation, adjustments and maintenance of all equipment installed.

10.3 The Contractor shall submit to the Engineer a draft copy of comprehensive operating instructions and maintenance schedule for all systems and equipment including in this Contract. This shall be supplemented not substituted by manufacturer's operating and maintenance manuals. Upon approval of the draft, the Contractor shall submit to the Engineer four (4) complete bound sets of operating and maintenance schedules along with manufacturers printed literature.

11.0 Inspection and Testing

11.1 The Engineer reserves the right to request inspection and testing at manufacturer's works at all reasonable times during manufacture of items for this contract.

11.2 The Engineer or his authorised representative shall have full power to inspect the materials and workmanship at the Contractor's works or at any place from which the materials or equipment is obtained. Acceptance by the Engineer of any material or equipment shall in no way relieve the contractor of his responsibility for meeting the requirements of the specifications.

11.3 Routing and typical tests for the various items of equipment shall be performed at the Contractor's works and test certificates furnished.

If required by the Engineer, the Contractor shall permit the authorised representative of the Engineer to be present during any of the tests.

11.4 After installation has been virtually completed, the Contractor shall carry out under the direction and in the presence of the representative of the Engineer such tests and inspection as have been specified, or as the representative shall consider necessary to determine whether or not the full intent of the requirements of the drawings and specifications have been fulfilled. In case the work does not meet the full intent of the drawings and specifications and further tests are considered necessary, the Contractor shall carry them out and bear the expenses thereof.

11.5 The Contractor shall provide all necessary instruments such as Theodolite, Dumpy level, steel tapes, weighing machine, plumb bobs, spirit levels, hammers, micrometers, thermometers, hydraulic testing machine, smoke test machine and labour for testing. The Contractor shall make adequate records of the test procedures and readings, shall repeat any tests requested by the Engineer and shall provide test certificates signed by an properly authorised person. Such test certificates shall cover all works. All such equipments shall be tested for calibration at any approved laboratory.

11.6 If test fail to demonstrate the satisfactory nature of the installation or any part thereof then no claims for the extra cost of modifications, replacement or retesting will be considered. The decision of the Engineer shall be regarded as final as to what constitutes a satisfactory test.

11.7 The above general requirements as to testing shall be read in conjunction with any particular requirements specified elsewhere.

12.0 Test Certificates

12.1 The Contractor shall submit Test Certificates for all the Materials/ Systems. These shall be issued by a Government recognized inspection office certifying that all Equipment, Materials, Construction and function are in agreement with the requirements of these specifications and accepted Standards.

13.0 Performance Guarantee

13.1 It is clearly understood that the specifications, drawings, schedule of quantities for Fire Fighting system are for bidders' guidance only. The bidder shall carry out necessary calculations and provide alternative equipment required to achieve the specified level of Fire Fighting required for human safety.

Complete sets of Architectural Drawings are available at site in the Engineer's office and reference may be made to these drawings as required for calculations or for other details. The Contractor shall also guarantee that performance of various equipments, individually, shall not be less than, the quoted ratings.

14.0 Quiet Operation and Vibration

14.1 All equipment shall operate under all conditions of load without any sound or vibration which is objectionable in the opinion of the Engineer. In case of rotating machinery, sound or vibration noticeable outside the room in which it is installed or annoyingly noticeable inside its own room, shall be considered objectionable. Such conditions shall be corrected by the Contractor at his own expense.

15.0 Accessibility

15.1 The Contractor shall locate all equipment which must be serviced, operated or maintained in fully accessible positions. The exact location and size of access panels, required for each valve or other devices requiring attendance, shall be finalised and communicated well in time, to be provided in the normal course of work, failing this, the Contractor shall make all the necessary repairs and changes at his own expense.

16.0 Electrical Installation

16.1 The electrical installation shall be in total conformity with the control wiring drawings prepared by the Contractor and approved by the Engineer & shall be connected and tested in the presence of an authorised representative of the Contractor and of the Engineer.

16.2 It is to be clearly understood that the final responsibility for the sufficiency, adequacy and conformity to the Contract requirements, of the electrical installation work lies solely with the Contractor.

17.0 Completion Certificate

17.1 On completion of the installation a certificate shall be furnished to the Engineer, by the contractor, countersigned by the licensed supervisor under whose direct supervision the installation was carried out. This Certificate shall be in the prescribed form as required by the local authority. On the basis of this certificate the Contractor shall arrange for inspection of installation by the concerned local authorities.

17.2 The Contractor shall be responsible at his own cost for getting the installation duly approved by the Authorities concerned.

18.0 Completion Drawings

18.1 At the completion of the work in all respects, the Contractor shall at his own cost submit to the Engineer four (4) sets of layout Drawings drawn at the approved scale indicating the installation. These drawings shall clearly indicate the complete plant layouts, and piping layouts, location wiring, exact location of all the concealed piping, valves, controls, wiring and other services. The Contractor shall also submit four (4) sets of consolidated control diagrams, technical literature on all automatic controls and complete technical literature on all equipment and materials. The Contractor shall frame under glass, in the plant room all consolidated control diagrams and all piping diagrams.

19.0 Rates

19.1 Quoted Rate includes any materials, equipment, appliances and incidental work not specifically as being furnishing or installed, but which are necessary and customary to make a complete installation.

19.2 The Contractor shall check at all stages and supervise at the point of connection the associated civil, electrical and plumbing works like underground and overhead tanks, power supply and installation of makeup water connection, drain connection in the fire fighting tanks and vicinity of plant room etc. In case of any discrepancy all rectifications etc. required as a failure to do so shall be carried out by the contractor at his own expenses.

20.0 Check List

20.1 The Contractor shall provide to the Engineer four copies of a comprehensive maintenance check list and shall post a copy of it in the Plant Room. The check list shall be a list of each piece of equipment in this contract, and shall provide a space for each of the next fifty two weeks to record the maintenance provided to and status of various equipment. Each month at the time of inspection, the Contractor shall certify on this check list that he has examined each piece of equipment and that, in his opinion, it is operating as intended by the manufacturer, and that all necessary intention has been performed.

21.0 Repairs

All equipment that required repairing shall be immediately serviced and repaired. During the maintenance period. All parts and labours shall be furnished at no extra cost to the Engineer.

22.0 Control System

During in the maintenance period. Once each month the Contractor shall check all controls in various areas to ensure that these are functioning as designed. This shall apply to all pressure switches and pressure gauges, contactor relays, controllers switches, high and low pressure cutouts etc.

23.0 Reference Points

23.1 Contractor shall provide permanent bench marks, flag tops and other reference points for the proper execution of work and these shall be preserved till the end of works.

23.2 All such reference points shall be in relation to the levels and locations, given in the Architectural and plumbing drawings.

24.0 License and Permits

24.1 Contractor shall hold a valid plumbing license issued by the Municipal Authority or other competent authority under whose jurisdiction the work falls.

24.2 Contractor shall keep constant liaison with the competent Municipal or other authority and obtain approvals for all drainage and water supply works carried out by him.

24.3 Contractor shall obtain from the competent Municipal Authority completion certificates with respect to his work as required for occupation of the building.

24.4 Any fees deposited in connection with the work on behalf of the client in statutory bodies, Corporations, Government departments, etc. shall be paid by the contractor and the same shall be reimbursed on production of original vouchers. Necessary endorsement/application if required shall be arranged from the Employer by the Engineer.

25.0 Cutting and Making Good

25.1 No structural member shall be chased or cut without the written permission of the Engineer.

(B) RELATING TO ELECTRICAL INSTALLATIONS

1.0 General

1.1 The following specific conditions and specification shall be read in conjunction with General Conditions of Contract and Specific Conditions of Contract. If there are any provisions in these additional specific conditions and specifications which are at variance with the provisions in the above mentioned documents, the provisions in these additional specific conditions & specifications shall take precedence.

2.0 Regulations and Standards

2.1 The installation shall conform in all respects to Indian Standard Code of Practice for Electrical Wiring Installation IS : 732-1989 and as per CPWD General Specification for Electrical Works (Part I, II & IV). It shall also be in conformity with the current Indian Electricity Rules and regulations in so far as these are applicable to the installation. Wherever these additional specific conditions and specifications calls for a higher standard of material and/or workmanship than those required by any of the above regulations then this additional specific conditions and specification shall take precedence over the said regulation and standards.

External works & fire detection & alarm system works to be done as per CPWD specifications & relevant IS Codes.

3.0 Rates

3.1 The rates bided shall be for complete items of work inclusive of all taxes and all charges for items contingent to the work, such as, packing, forwarding, insurance, freight and delivery at site for the materials to be supplied by the contractor, watch and ward of all materials for the Internal Electrical Installation work at site etc.

4.0 Completeness of Bid

4.1 All sundry fittings, assemblies, accessories, hardware items, foundation bolts, termination lugs for electrical connections as required, and all other sundry items which are useful and necessary for proper assembly and efficient working of the various components of the work shall be deemed to have been included in the bid rates and prices, whether such items are specifically mentioned in the bid documents or not.

5.0 Works to be done by the Contractor

5.1 Unless and otherwise mentioned in the bid documents, the following works shall be done by the contractor, and therefore their cost shall be deemed to be included in their rates and prices.

- i. Foundations for equipments and components where required, including foundation bolts.
- ii. Cutting and making good all damages caused during installation and restoring the same to their original finish.
- iii. Sealing of all floor openings provided by him for pipes and cables, from fire safety point of view, after laying of the same.
- iv. Painting at site of all exposed metal surfaces of the installation other than pre-painted items like fittings, fans, switchgear/ distribution gear items, cubicle switch board etc. and erection, shall however be rectified to the satisfaction of the Engineer.
- v. Testing and commissioning of complete installation.

6.0 Tools for Handling and Erection

6.1 All tools and tackles required for handling of equipments and materials at site of work as well as for their assembly and erection and also necessary test instruments shall be the responsibility of the contractor.

7.0 Terminology & Scope

7.1 Terminology & scope for this project shall be as per CPWD Specification for Electrical Works (Part I - Internal) - 1994 & External Works - Part II - 1995.

8.0 Measurement

8.1 As per General Specification for Electrical Works (Part I - Internal) - 1994 CPWD & External CPWD unless otherwise specified.

Fire Detection & Fire Alarm - as per CPWD Specification.

9.0 Drawings

9.1 The drawings indicate the extent and general arrangements of the fixtures, controlling switches, wiring system etc. and are essentially diagrammatic. The

drawings indicate the points of termination of conduit runs and broadly suggest the routes to be followed. The work shall be executed as indicated in the drawings, however any minor changes found essential to co-ordinate the installation of this work with the other trades shall be made without any additional cost to the owner. The drawings are for guidance of the contractor and exact locations, distance and levels shall be governed by the building. The Contractor shall examine all architectural, structural, plumbing and sanitary & electrical drawings before starting the work and report to the Engineer any discrepancies which in his opinion appear on them and get it clarified. Contractor shall not be entitled to any extras for omissions or defects in electrical drawings or when they conflict with other services work.

10.0 Conduit/ Trunking Layout

- 10.1 Prior to the laying of the conduits and trunking the contractor shall examine/ study consultants drawings and report to Engineer in case desires to make any changes from consultant proposed conduit layout plan and shall get the same approved from HSCC.

11.0 Shop Drawings

- 11.1 The Contractor shall prepare and submit to the Engineer for his approval detail shop drawings of Main & sub distribution boards, distribution boards, special pull boxes, light & fan switch boards, telephone distribution boards, FDA system and lightning protection system and other equipment to be procured/ fabrication by the contractor within 15 days of signing of the above items required to complete the electrical installation in all respect.

12.0 Manufacturer's Instruction

- 12.1 Where manufacturers' have furnished specific instructions, relating to the materials used in this job, covering points not specifically mentioned in these documents, these instructions shall be followed in all cases.

13.0 Materials & Equipment

- 13.1 All materials and equipment shall be ISI marked and shall be of the approved make and design. Unless otherwise called for, only the best quality of materials and equipment shall be used. The contractor shall be responsible for the safe custody of all materials till these are taken over by client and shall insure as against theft, damage by fire, earth quake etc. A list of items of materials and equipment, together with a sample of each shall be submitted to the site office.

14.0 Scale

14.1 Drawings shall be prepared to the scale as required for proper explanation and shall indicate the size and location of all equipments and accessories herein. The contractor shall obtain all dimensions preferably at the building (site of work) and check those plans for interference with the building structure and other equipment.

15.0 Brochures and Data

15.1 The contractor shall submit four copies of all brochures manufacturer's description data and similar literature.

16.0 Approval of Shop Drawings

16.1 The Engineer's approval of shop drawings, schedule, brochures etc. shall be an approval of general details and arrangements only and shall not relieve the contractor from responsibility for deviation from drawings or specifications unless he has in writing called Engineer's to such deviations at the time of submission nor shall it relieve the Contractor from responsibility for errors or omissions of any kind in the shop drawings when approved.

17.0 Samples & Catalogues

For HSCC approval, contractor shall submit the samples & catalogue of the material, which are used at site as per the approved makes.

18.0 Approval of Materials

18.1 All materials used on the works shall be new and of the best quality available, conforming to the relevant specifications and as per good engineering practice. Prior approval shall be obtained in writing from the Engineer for all materials proposed and when necessary, approved sample duly identified and labelled shall be deposited with the Engineer and shall be kept at site. List of approved make indicates make/ manufacturer generally acceptable. Contractor shall submit the detail drawings of the material for HSCC approval.

19.0 Inspection, Testing and Inspection Certificate

19.1 HSCC and authorised representative of HSCC shall have at all reasonable times access to the Contractor's premises or works and shall have the power at all reasonable time to inspect and examine the materials and workmanship during its manufacture or erection or if the part of works is being manufactured or assembled at other premises or works.

19.2 The Contractor shall arrange all the materials and labour required for inspection of equipment or for any testing to be carried out at his/ manufacturer's works or at site. Notice for such inspection/ presence for testing shall be given to the Engineer by the Contractor at least fifteen (15) days in advance together with the routine test certificates of the equipments/ materials given by the manufacturer.

19.3 Notwithstanding approval of tests or equipment by the Engineer the contractor shall be required to perform site tests and prove the correctness of ratings and performance of equipment/ machinery and materials supplied and installed by the contractor as per the contract specifications and conditions. Engineer shall have full power to order the material or work to be tested by an independent agency at the electrical contractor's expense in order to prove soundness & adequacy.

20.0 Schedule & Manner of Operation

20.1 Time being the essence of this contract, contractor shall be expected to furnish all labour & material in sufficient quantities at appropriate time, expedite and schedule the work to meet the Engineer's requirement and so manage the operations that the work shall be completed in time as stated else where. In case of shut down of power supply required, Contractor shall coordinate with Engineer and shall carry out essential works during the shut down period allowed by the Engineer. In case Engineer allows for such period during night or early morning hours, Contractor shall make all provisions to avail such account. Contractor shall not be entitled for any extra claims on such account. Contractor shall programme his work in such a way that items of work requiring presence of Engineer are carried out between 9 A.M. & 5 P.M. on working days.

21.0 Performance Guarantee

21.1 All equipment shall be guaranteed for 12 (Twelve) months from the date of handing over of installation to the Engineer against unsatisfactory performance and/or break down. The equipment or component or any other part of installation so found defective within the guarantee period shall be replaced / repaired by the contractor free of cost to the satisfaction of the Engineer.

22.0 Conformity with Statutory Acts, Rules and Standards

22.1 The installation shall be in conformity with the Bye-laws, Regulations and Standards of the local authorities applicable to the installations. But if the specifications and drawings call for a higher standard of material and/or

workmanship than those required by any of the above regulations and standards, then the specifications and drawings shall take precedence over the said regulations and standards.

- 22.2 However, if the drawings or specifications required something which violates the Bye-laws and Regulations, then the Bye-laws and Regulations shall govern the requirement of this installation.
- 22.3 Indian Electricity Act and Rules : all electrical works on connection with installations of the system shall be carried out in accordance with the provision of the Indian Electricity Act, 1910 and the Indian Electricity Rules 1956, both amended upto date.
- 22.4 CPWD Specifications : The Electrical installation work shall conform to CPWD General specifications for Electrical Works Part I (Internal) 1994 and Part II (External) 1995, both amended upto date.
- 22.5 Indian Standards : The System / components shall conform to relevant Indian Standards wherever they exist and to the National Building Code-2000.
- 22.6 Nothing in these specifications shall be construed to relieve the Contractor of his responsibility for the design, manufacture and installation of the equipment with all its accessories in accordance with applicable Statutory Regulations and safety codes in force.

23.0 Completion Drawings (As Built Drawings)

- 23.1 On completion of the work and before issue of certificate of virtual completion, the Contractor shall submit to the Engineer completion plan drawn to a scale in tracing cloth with ink indicating the following, along with three blue print copies of the same.
- a. Run and size of conduits, inspection boxes, junction boxes and pull boxes.
 - b. Number of size of conductors in each conduit.
 - c. Location and rating of sockets and switches controlling the light and power outlets.
 - d. Location and details of main & sub distribution boards, distribution boards indicating the circuit number controlled by them.
 - e. Type of fitting viz. fluorescent, pendants, brackets, bulkhead etc., including their rating & type of lamp, fans and exhaust fans.

- f. A complete wiring diagram as installed and schematic drawings showing all connections for the complete electrical system.
- g. Location of telephone outlets, junction boxes and sizes of various conduits and number & sizes of wire drawn.
- h. Layout of telephone cables.
- i. Location of all earthing stations, route and size of all earthing conductors, manholes etc.
- j. Layout and particulars of cables & sub mains.
- k. Schematic drawing for telephone system.
- l. Layout of conduits for computer outlet points.
- m. Layout and details of fire detection & alarm system. Consisting of manual call points, fire alarm hooters, smoke & heat detector, FDA control panel including details of conduits and number of wires drawn.
- n. Layout and details of lightning protection system.
- o. Insulation tests and earth test results.
- p. Equipment Drawing
- q. Cable route layout of HT, LT & other cables.

24.0 Confirmation of Quantities

24.1 All quantities indicated in BOQ are tentative which may vary as per site conditions. Contractor has to verify quantities before procuring the material. No payment shall be payable for quantity brought to site but not used.

25.0 Terms of Payment (Only for items included in BOQ for all major electrical equipments)
For purposes of estimating the contract value of works executed for certificate of payment under clause 33(d) of SCC, the following norms shall be followed.

- a. 80% of BOQ contract rates on receipt of equipment against dispatch clearance.
- b. 10% of BOQ contract rates on erection and installation of equipment.

- c. 5% after successful completion of running tests and provisional taking over.
- d. 5% after handing over

Retention money at the rate as specified in Contract SCC clause No 33(f) & GCC clause No 60.5 shall be deducted from each certified interim payment subject to the maximum of 2 % of the contract value in cash. The retention money shall be released pursuant to GCC clause No 60.6.

26.0 Training of Personnel

The contractor shall arrange to train the Employer's personnel prior to provisional take over of the Project.

- a) Telephone Exchange.
- b) Other Equipments.
- c) Adjustment of setting for controls and protective devices.
- d) Preventive maintenance
- e) Operation of all electrical panels including their. interconnectivity and interlocking scheme

27.0 Completion Certificate

27.1 On completion of the installation a certificate shall be furnished to the Engineer, by the contractor, countersigned by the licensed supervisor under whose direct supervision the installation was carried out. This Certificate shall be in the prescribed form as required by the local authority. On the basis of this certificate the Contractor shall arrange for inspection of installation by the concerned local authorities.

27.2 The Contractor shall be responsible at his own cost for getting the installation duly approved by the authorities concerned.

28.0 Check List

28.1 The contractor shall provide to the Engineer four copies of a comprehensive maintenance check list and shall paste a copy of it in the Substations & Plant Room. The check list shall be a list of each piece of equipment in this contract, and shall provide a space for each of the next fifty two weeks to record the maintenance provided to and status of various equipment. Each month at the time of inspection,

the contractor shall certify on this check list that he has examined each piece of equipment and that, in his opinion, it is operating as intended by the manufacturer, and that all necessary intention has been performed.

29.0 Repairs

All equipment that required repairing shall be immediately serviced and repaired during the maintenance period. All parts and labours shall be furnished at no extra cost to the Engineer.

30.0 Safe Custody and Storage

30.1 Safe custody of all machinery and equipment dismantled, shifted & supplied by the contractor shall be his own responsibility till the final taking over by the Employer. He should, therefore, employ sufficient staff for watch and ward at his own expenses. The Employer may, however, allow the contractor to use the plant room/weather maker rooms, etc. for temporary storage of his equipment if such spaces are ready and available.

31.0 Approvals

31.1 It is the responsibility of the contractor to ensure that all electrical works are carried out as per the IE Rules & regulations, National Building Code and IS Codes & Standards. All necessary drawings and details as required by Electricity Board, Electrical Inspector, Fire Authorities, Pollution Control Board and other Local Statutory Agencies shall be prepared by the contractor. The contractor is responsible to submit the drawings and other details as required to the Local Authorities (referred above) and obtain necessary approval before energizing and commissioning. All official fee required for getting the approval will be reimbursed on account of Client on submission of original documents.

ANNEXURE - A

FORM OF AGREEMENT

AGREEMENT

This Agreement made the _____ day of _____ 20_____ between M/s Raj Kumari Amrit Kaur College of Nursing, New Delhi (hereinafter called "The Employer") represented by M/s HSCC (INDIA) Ltd. who enters into this Agreement of the one part and M/s (hereinafter called "The Contractor") of the other part.

Whereas The Employer is desirous that certain Works should be executed by the Contractor, viz _____ ("the works") and has accepted a Bid by the Contractor for the execution and completion of the Works and the remedying of any defects therein.

ANNEXURE - B

PROFORMA FOR PERFORMANCE BANK GUARANTEE (On a stamp paper of appropriate value from any Nationalised Bank or Scheduled Bank)

To,

M/s HSCC (INDIA) Ltd.,
Plot No. 6(A), Block E, Sector 1,
NOIDA - 201 301.

Dear Sir,

In consideration of the M/s Raj Kumari Amrit Kaur College of Nursing, New Delhi (hereinafter called Employer) which expression shall include his successor and assigns represented by his Consultant M/s. HSCC (INDIA) Ltd., Plot - 6 (A), Block - E, Sector - I, Noida, Uttar Pradesh - 201 301 (hereinafter called HSCC) having awarded to _____ (hereinafter referred to as the said Contractor or 'Contractor' which expression shall wherever the subject or context so permits include its successors and assigns) a contract No _____ in terms inter alia, of the HSCC Letter No. _____ dated _____ and the General Conditions of Contract and upon the condition of the contractor's furnishing security for the performance of the contractor's obligations and discharge of the contractor's liability under and in connection with the said contract upto a sum of Rs. _____ (Rupees _____ only) amounting to _____ percent of the total contract value.

1. We, _____ (hereinafter called 'The Bank' which expression shall include its successors and assigns) hereby jointly and severally undertake to guarantee the payment to the Employer in rupees forthwith on demand in writing and without protest or demur or any and all moneys anyway payable by the contractor to the Employer under in respect of or in connection with the said contract inclusive of all the Employer's losses and damages and costs, (inclusive between attorney and client) charges and expenses and other moneys anyway payable in respect of the above as specified in any notice of demand made by the Employer to the Bank with reference to this guarantee upto an aggregate limit of Rs. _____ (Rupees _____ only).
2. We _____ Bank Ltd. further agree that The Employer shall be sole judge of and as to whether the said contractor has committed any breach or breaches of any of the terms and conditions of the said contract and the extent of loss, damage, cost, charges and expenses caused to or suffered by or that may be caused to or suffered by The Employer on account thereof and the decision of The Employer that the said Contractor has committed such breach or breaches and as to the amount or amounts of loss, damage, costs, charges and expenses caused to or suffered by The Employer from time to time shall be final and binding on us.
3. The Employer shall be at liberty without reference to the Bank and without affecting the full liability of the Bank hereunder to take any other security in respect of the Contractor's

obligations and liabilities hereunder or to vary the contract or the work to be done thereunder vis-a-vis the Contractor or to grant time or indulgence to the Contractor or to reduce or to increase or otherwise vary the prices of the total contract value or to release or to forbear from enforcement of all or any of the security and/or any other security(ies) now or hereafter held by The Employer and no such dealing(s) reduction(s) increase(s) or other indulgence(s) or arrangements with the Contractor or release or forbearance whatsoever shall absolve the bank of the full liability to The Employer hereunder or prejudice the rights of The Employer against the bank.

4. This guarantee shall not be determined or affected by the liquidation or winding up, dissolution, or change of constitution or insolvency of the Contractor but shall in all respects and for all purposes be binding and operative until payment of all monies payable to The Employer in terms thereof.
5. The bank hereby waives all rights at any time inconsistent with the terms of this guarantee and the obligations of the Bank in terms hereof shall not be anywise affected or suspended by reason of any dispute or disputes having been raised by the Contractor stopping or preventing or purporting to stop or prevent any payment by the Bank to The Employer in terms hereof.
6. The amount stated in any notice of demand addressed by The Employer to the Bank as liable to be paid to The Employer by the Contractor or as suffered or incurred by The Employer on account of any losses or damages or costs, charges and/or expenses shall be conclusive evidence of the amount so liable to be paid to The Employer or suffered or incurred by The Employer as the case may be and shall be payable by the Bank to The Employer in terms hereof.
7. This guarantee shall be a continuing guarantee and shall remain valid and irrevocable for all claims of The Employer and liabilities of the contractor arising upto and until midnight of _____.
8. This guarantee shall be in addition to any other guarantee or security whatsoever that The Employer may now or at any time anywise may have in relation to the Contractor's obligations/or liabilities under and/or in connection with the said contract, and The Employer shall have full authority to have recourse to or enforce this security in preference to any other guarantee or security which The Employer may have or obtain and no forbearance on the part of The Employer in enforcing or requiring enforcement of any other security shall have the effect of releasing the Bank from its full liability hereunder.
9. It shall not be necessary for The Employer to proceed against the said Contractor before proceeding against the Bank and the Guarantee herein contained shall be enforceable against the Bank notwithstanding that any security which The Employer may have obtained or obtain from the contractor shall at the time when proceedings are taken against the said bank hereunder be outstanding or unrealised.
10. We, the said Bank undertake not to revoke this guarantee during its currency except with the consent of The Employer in writing and agree that any change in the constitution of the said contractor or the said bank shall not discharge our liability hereunder.
11. We _____ the said Bank further that we shall pay forthwith the amount stated in the notice of demand notwithstanding any dispute/difference pending between the parties before the arbitrator and/or that any dispute is being referred to arbitration.

12. Notwithstanding anything contained herein above, our liability under this guarantee shall be restricted to Rs. _____ (Rupees _____) and this guarantee shall remain in force till _____ and unless a claim is made on us within 3 months from that date, that is before _____ all the claims under this guarantee shall be forfeited and we shall be relieved of and discharged from our liabilities thereunder.

PROFORMA FOR ADVANCE BANK GUARANTEE (On a stamp paper of appropriate value from any Nationalised Bank or Scheduled Bank)

To

M/s HSCC (INDIA) Ltd.,
Plot No. 6(A), Block E, Sector 1,
NOIDA - 201 301..

Dear Sir,

1. In consideration of the M/s Raj Kumari Amrit Kaur College of Nursing, New Delhi (hereinafter called as The Employer) which expression shall include his successors and assigns represented by his Consultant M/s. HSCC (INDIA) Ltd., Plot - 6 (A), Block - E, Sector - I, Noida, Uttar Pradesh - 201 301, (hereinafter called HSCC) having agreed under the terms & conditions of contract No. _____ dated _____ (hereinafter called the Contract or the said Contract) to make at the request of ("the Contractor" or "the said Contractor") the contractor thereunder a lumpsum advance of Rs. _____ for utilising it for the purposes of the said contract on its furnishing a guarantee acceptable to HSCC.
2. We, the _____ Bank having its branch office at _____ (hereinafter referred to as the Bank or the said Bank) a Company under the Companies Act 1956 and having our registered office at _____ do hereby guarantee the repayment and recovery of the said advance together with interest thereon as provided according to the terms and conditions of the said contract. If the contractor fails to utilise the said advance for the purposes of the said contract and/or the said advance together with interest thereon as aforesaid is not fully recovered by The Employer, we _____ Bank hereby unconditionally and irrevocably undertake to pay to The Employer on demand and without demur or protest to the extent of the said sum of Rs. _____ with interest any claim made by The Employer on us against non- utilisation/misutilisation of the said advance and/or by reason of The Employer not being able to recover in full the said sum of Rs. _____ with interest as aforesaid.
3. We, _____ Bank further agree that The Employer shall be the sole judge of and as to whether the contractor has utilised or not utilised the said advance or any part thereof for the purposes of the said contract and/or as to whether the advance or any part thereof with interest has been recovered or not and the finding of the Employer in this regard shall be final and binding on us.

4. We, the said Bank further agree that the Guarantee herein contained shall remain in full force and effect during the period that would be taken for the performance of the said contract and till the said advance has been fully recovered and its claims satisfied or discharged and till The Employer certifies that the said advance with interest has been fully recovered from the contractor.
5. The Employer shall have the fullest liberty without affecting in any way the liability of the said Bank under this guarantee or Indemnity from time to time to vary any of the terms and conditions of the said Contract or the advance or to extend time of performance by the Contractor or to postpone for any time and from time to time any of the powers exercisable by it against the said Contractor and either to enforce or forbear from enforcing any of the terms and conditions governing the said contract or the advance or securities available to The Employer and the said Bank shall not be released from its liability under these presents by any exercise by The Employer of the liberty with reference to the matter aforesaid or by reason of time being given to the said Contractor/or any other forbearance, act or omission on the part of The Employer or any indulgence by The Employer to the said Contractor or of any other matter or thing whatsoever which under the law relating to sureties would but for this provision have the effect of so releasing the said Bank from its said liability.
6. The Bank hereby waives all rights at any time inconsistent with the terms of this Guarantee and the obligations of the Bank in terms hereof shall not be in any way affected or suspended by reason of any dispute or disputes having been raised by the Contractor (whether or not pending before any arbitrator, Tribunal or court) or any denial or liability by the Contractor stopping or preventing or purporting to stop or prevent any payment by the Bank to The Employer in terms thereof.
7. The amount stated in any notice of demand addressed by The Employer to the Bank as liable to be paid to The Employer by the Contractor, shall be conclusive evidence of the amount so liable to be paid to The Employer by the Bank.
8. This guarantee/undertaking shall be in addition to any other guarantee or security whatsoever that The Employer may now or any time may have in relation to the Contractor's obligations or liabilities under and/or in connection with the said Contract, and The Employer shall have full authority to have recourse to or enforce this security in preference to any other guarantee or security which The Employer may have or obtain and no forbearance on the part of The Employer in enforcing or requiring enforcement of any other security shall have the effect of releasing the Bank from its full liability hereunder.
9. It shall not be necessary for The Employer to proceed against the said Contractor before proceeding against the Bank and the guarantee herein contained shall be enforceable against the Bank notwithstanding that any security which the Employer may have obtained or obtain from the Contractor shall at the time when proceedings are taken against the said Bank hereunder be outstanding or unrealised.
10. We, _____ the said Bank undertake that we shall pay forthwith the amount stated in the notice of demand notwithstanding any dispute/difference pending between the parties before the arbitrator and/or that any dispute is being referred to arbitration.
11. We, the said Bank undertake not to revoke this guarantee during its currency except with the consent of The Employer in writing and agree that any change in the Constitution of the said Contractor or the said Bank shall not discharge our liability hereunder.

12. This guarantee/undertaking shall be a continuing guarantee/undertaking and shall remain valid and irrevocable for all claims of The Employer and liabilities of the Contractor arising upto and until midnight of _____.
13. The Employer shall be at liberty without reference to the Bank and without affecting the full liability of the Bank hereunder to take any other security in respect of the Contractor's obligations and liabilities hereunder or to vary the contract or the work to be done thereunder vis-a-vis the Contractor or to grant time or indulgence to the Contractor or to reduce or to increase or otherwise vary the prices of the total contract value or to release or to forbear from enforcement of all or any of the security and/or any other security(ies) now or hereafter held by The Employer and no such dealing(s) reduction(s) increase(s) or other indulgence(s) or arrangements with the Contractor or release or forbearance whatsoever shall absolve the bank of the full liability to The Employer hereunder or prejudice the rights of The Employer against the bank.
4. This guarantee shall not be determined or affected by the liquidation or winding up, dissolution, or change of constitution or insolvency of the Contractor but shall in all respects and for all purposes be binding and operative until payment of all monies payable to The Employer in terms thereof.
5. The bank hereby waives all rights at any time inconsistent with the terms of this guarantee and the obligations of the Bank in terms hereof shall not be anywise affected or suspended by reason of any dispute or disputes having been raised by the Contractor stopping or preventing or purporting to stop or prevent any payment by the Bank to The Employer in terms hereof.
6. The amount stated in any notice of demand addressed by The Employer to the Bank as liable to be paid to The Employer by the Contractor or as suffered or incurred by The Employer on account of any losses or damages or costs, charges and/or expenses shall be conclusive evidence of the amount so liable to be paid to The Employer or suffered or incurred by The Employer as the case may be and shall be payable by the Bank to The Employer in terms hereof.
7. This guarantee shall be a continuing guarantee and shall remain valid and irrevocable for all claims of The Employer and liabilities of the contractor arising upto and until midnight of _____.
8. This guarantee shall be in addition to any other guarantee or security whatsoever that The Employer may now or at any time anywise may have in relation to the Contractor's obligations/or liabilities under and/or in connection with the said contract, and The Employer shall have full authority to have recourse to or enforce this security in preference to any other guarantee or security which The Employer may have or obtain and no forbearance on the part of The Employer in enforcing or requiring enforcement of any other security shall have the effect of releasing the Bank from its full liability hereunder.
9. It shall not be necessary for The Employer to proceed against the said Contractor before proceeding against the Bank and the Guarantee herein contained shall be enforceable against the Bank notwithstanding that any security which The Employer may have obtained or obtain from the contractor shall at the time when proceedings are taken against the said bank hereunder be outstanding or unrealised.
10. We, the said Bank undertake not to revoke this guarantee during its currency except with the consent of The Employer in writing and agree that any change in the constitution of the said contractor or the said bank shall not discharge our liability hereunder.

11. We _____ the said Bank further that we shall pay forthwith the amount stated in the notice of demand notwithstanding any dispute/difference pending between the parties before the arbitrator and/or that any dispute is being referred to arbitration.

12. Notwithstanding anything contained herein above, our liability under this guarantee shall be restricted to Rs. _____ (Rupees _____) and this guarantee shall remain in force till _____ and unless a claim is made on us within 3 months from that date, that is before _____ all the claims under this guarantee shall be forfeited and we shall be relieved of and discharged from our liabilities thereunder.

Notwithstanding anything contained herein,

- a) Our liability under this bank guarantee shall not exceed Rs. _____ (Rupees _____).
- b) This bank guarantee shall be valid up to _____
- c) We are liable to pay the guarantee amount or any part thereof under the Bank Guarantee only & only if you serve upon us as a written claim or demand on or before _____.

Dated _____ day of _____ 20

For and on behalf of Bank.
